

VISIT Activity Program 2006 / 2007

Dear members of VISIT,

We have attached the activity program of our association for 2006 and 2007. In our last Board meeting in July we were able to wrap up the financial reports of the past 2 years. Therefore we had the opportunity to plan some activities on which we can spend some of the VISIT budget.

VISIT Newsletter

Next September we will send you our first online newsletter. We are planning to send you this newsletter at least twice a year, to update all interested parties about the latest developments concerning ecolabelling in the tourism & hospitality branch. Please contact Jon Proctor if you have any information you would like to publish: jon@green-business.co.uk

VISIT meeting at World Travel Market (WTM)

First of all we would like to invite you for the next VISIT meeting that will take place at the WTM in London, next 8 November. It will be a combined effort to have an internal technical meeting, regarding the VISIT Common Basic Standard, and an open forum to discuss the latest developments in ecolabelling. You will receive more detailed information about the meeting, in September, but please block this date in your agenda if possible. For more information on this activity you can contact Harro Boekhold: info@green-key.nl

VISIT in 2007

Next year several promotion activities are planned. In March we would like to give a presentation to tour operators at the ITB in Berlin, regarding the latest developments in ecolabelling. We are also planning to contribute to the European Conference for Agenda 21. And last but not least we have planned our 3rd General Assembly in October 2007. At present we have no plans where the event will take place but would be interested to hear from any labels wishing to host this assembly

Next to the activities mentioned, some other have been planned as you can find in the table below:

What?	When?	Where?	Whom to contact?
Board meeting	27 February 2006	Paris (F)	
Presentation Greenweek (cancelled)	May 2006	Brussels (B)	n.a.
